

Marcelo Dato

Full Stack Web Developer

PERFIL

Full Stack Developer with over 10 years of experience in JavaScript and its frameworks and libraries, including React, Next.js, and Express.js. Skilled in using CSS frameworks such as Bootstrap and Tailwind CSS, and adept at leveraging Astro for building fast, content-focused websites. Proficient in utilizing Node.js, a JavaScript runtime, for server-side development, and experienced with MongoDB, a NoSQL database.

I have made a lot of websites and collaborated for several start-ups.

Creator of LingBodie, a free online app to acquire vocabulary.

I have developed a variety of applications for Windows in the early 2000s, like Bodie's Calendar, and others

PROFESSIONAL EXPERIENCE

2021 – Present

BACODE – JavaScript Programmer - Freelancer

For some time now I have been offering customized versions to language schools, some of my apps (LingBodie, Der-Die-Das, Phrasal Verbs, and others) for learning and practicing foreign languages.

2018 – Present

BODIE AGENCY – Web Designer

I am a web designer, branding expert and founder of an independent design studio. I work together with a graphic designer.

I offer design and branding services to a range of businesses, from fashion designers and bloggers, to design agencies and creative professionals.

2008 – 2017

HAMELIN – Partner and Founder

Buenos Aires, AR

I founded Hamelin, a children's toy distributor, in Buenos Aires. I designed the website, and focused especially on the management of the database of products, customers and suppliers and the maintenance of the site.

2004 – 2007

ATLANTIS STUDIO – Web Designer

Buenos Aires, AR

Dynamic web site design, made with HTML, CSS, javascript, Adobe Flash with action script.

1998– 2003

PATAGONIAN SOFT – Visual Basic Programmer

Buenos Aires, AR

Development of customized programs for entrepreneurs, businesses and companies.
